Dear UK Visas and Immigration,

My name is Gizlena Moreno Restrepo, I am married to Diego Baron and I am writing this letter because I want to tell you about my relationship with Diego and state my clear intention to join him and live together in the UK.

I met Diego ten years ago and he was my physics tutor while I was coursing my undergraduate degree. In 2015 we started to get out and in February 2016 we commenced our relationship. Since then we have shared many moments. For instance, I have been with Diego in every one of our graduation ceremonies and birthdays.

Diego graduated from his masters in 2019 and he earned a scholarship for his PhD in the University of Manchester. Since September 2019 we have supported each other and we have been in special moments together, like my graduation which he attended online.

In December of 2019, I had the opportunity to visit Diego in the UK. This trip was Diego's Christmas gift and it is the best one I have ever had in my life. We visited Edinburgh, Liverpool, Manchester and London, despite the beautiful places and the amazing experiences, the best of all my trip was to be with him.

We are deeply in love and he proposed to me at the end of 2020. We married in January 2021 intending to be together, support each other and find the best future for both of us.

That is the reason why I am applying for this visa and I hope I could reunite with Diego as soon as possible.

Yours faithfully,

Gizlena Moreno R
